This is a puzzle game in which you solve the mystery of a ship's crew that has been murdered. The atmosphere is very nice and dark but not in a horror way. You feel to be alone on this ship surrounded by puzzles of its former inhabitants. The English localisation is a bit rough, but the game does not rely on texts. It also has hints if you don't want to solve every puzzle yourself. Beware of the torn pages, I had mine disappear when I tried to combine them while I hadn't obtained all three of them. That is the only bug I experienced. It is a nice small game.. This is a puzzle game in which you solve the mystery of a ship's crew that has been murdered.
